

Chicago Recovering Communities Coalition
recovery community organization, peer lead, peer driven

Harris & Harris Proudly Supports the Chicago Recovering Communities Coalition

The Chicago Recovering Communities Coalition is a local peer driven and peer led recovery support organization with the purpose of providing recovery support services to individuals in or seeking recovery from alcohol, other drugs, and mental illness. Their mission is to reduce stigma associated with addiction and make a difference in people's lives by increasing public awareness of alcohol and drug dependency and mental health services. They have achieved this by providing education to residents in the metro Chicago-land area about these life changing issues. Through their efforts, they have successfully built strong relationships within diverse communities while helping individuals access and sustain long-term recovery.

For more information on the CRCC and how you can lend your support to this cause, visit
